

REMARKS/ARGUMENTS

In accordance with 35 U.S.C. 120, the present application is amended "to contain a specific reference to the earlier filed application," or as in this case -- applications. In addition, the foreign priority application has been incorporated by reference as suggested by MPEP 201.13(a) II. G.

The claims have been amended to conform multiply dependent claims to the requirements of the United States patent laws and regulations. The amendments are purely ministerial and are not meant to affect the scope of the claims as filed. One minor typographical change was also made. The amendments were not made to distinguish any prior art references relevant to the present invention.

CONCLUSION

If the Examiner has any questions or suggested Examiner's amendments, the Examiner is respectfully requested to call the undersigned.

The Commissioner is hereby authorized to charge any additional fees, or to credit any overpayment, to Deposit Account No. 50-3195. A duplicate copy of this sheet is attached.

Respectfully submitted,
